

# **TREK™ Cleaning Machines**

Just Increased the Efficiency of  
Maintaining the Floors in Your Facility

INTRODUCING THE

## **TREK™ PB60**

Forklift Broom

- One-pass cleanup
- Prepares floor for scrubbing
- Removes debris that can damage your forklift or scrubber
- Unique V-shaped bristle pattern contains up to 99% of debris within the broom—even when turning corners

# TREK™ PB60 Features

Quickly attaches to your existing forklift

60" broom sweeps a wide path, minimizing the number of passes required to sweep your floor or outside area

The PB60 comes on a reusable pallet to store easily on the floor or in a rack

## THREE BROOM OPTIONS

All options have 16 rows of bristles

**Standard** multipurpose bristles  
Part # 00-60001

**Fine** bristles for smooth or polished/finished floors  
Part # 00-60002

**Stiff** bristles for rough surface or outdoor use  
Part # 00-60003
